Results of the French Oral Communication Exercise

Standard Report

Candidate: Smith, Jane

Date of evaluation: 2008/5/7

The following report illustrates the results obtained by the candidate on the French Oral Communication Exercise. A score is attributed for each of the six evaluation criteria with regard to "Expression." Also, a global score is provided with regards to the candidate's comprehension of the French language.

EXPRESSION

VOCABULARY

› **Expression : Level of language 5**

The candidate uses vocabulary that is varied and appropriate for the context, allowing the interlocutor to clearly understand the idea expressed. The interlocutor rarely needs explanations.

RHYTHM

› **Expression : Level of language 4**

The candidate's rhythm of speech allows him to make himself understood by the interlocutor even though his use of intonation, sentence stress and syllable stress may not always be optimal.

REASONING

› **Expression : Level of language 5**

The candidate demonstrates an ability to link his ideas coherently and his reasoning is objective and allows him to make himself understood by his interlocutor. The latter rarely needs explanations.

VERBS

› **Expression : Level of language 4**

The candidate's use of verb types, tenses and forms is appropriate, allowing him to be understood by his interlocutor. The use of verbs is not always optimal but does not prevent the interlocutor from understanding what he said.

SYNTAX

› **Expression : Level of language 4**

The candidate applies the rules of French grammar correctly, allowing him to make himself understood by his interlocutor. Word order and sentence structure are not always optimal, but this does not prevent the interlocutor from understanding what he said.

LEVEL OF LANGUAGE

› **Expression : Level of language 5**

The candidate uses, in a varied way, the level of language that is appropriate for a conversation with a client, remaining polite and courteous, such that the interlocutor easily understands the idea expressed. The interlocutor feels comfortable during the conversation. The latter rarely needs explanations.

COMPREHENSION

OVERALL RESULT

› **Comprehension : Level of language 6**

On the whole, the candidate demonstrated a full understanding of the vocabulary, rhythm, reasoning, verbs, syntax and level of language used, allowing for rich and sustained conversation with his interlocutor. The candidate understands French very well in a work context.

Results of the French Oral Communication Exercise Standard Report

Candidate: Smith, Jane

Date of evaluation: 2008/5/7

OVERALL RESULTS

› **Expression : Level of language 4**

On the whole, the candidate's use of vocabulary, rhythm, reasoning, verbs, syntax and level of language was appropriate, allowing his interlocutor to follow the conversation. The candidate expresses himself well in French in a work context despite having some minor problems.

› **Compréhension : Level of language 6**

On the whole, the candidate demonstrated a full understanding of the vocabulary, rhythm, reasoning, verbs, syntax and level of language used, allowing for rich and sustained conversation with his interlocutor. The candidate understands French very well in a work context.

› **Evaluator's comments on "Expression"**

Madame a fait quelques erreurs de syntaxe : « pas très bien allé », « lorsque je étudiante », « besoin d'une vacance » et « le pizza ». Il y a également eu des erreurs de temps de verbe « j'avais pensé » et quelques hésitations « ahm... ». En général, Madame peut tenir une conversation en français. Par contre, elle devrait améliorer sa syntaxe, ses verbes et son rythme en français.

› **Evaluator's comments on "Comprehension"**

L'évaluateur n'a pas eu à répéter de questions. La candidate a été capable de comprendre toutes les questions. Madame a été capable de donner des informations pertinentes qui démontrent sa compréhension.
